

# Memorization Assessments

At times in class you will be called upon to deliver a Memorization Assessment. This is done to ensure that you have learnt your lines. This is often done a week prior to your final graded performance for an assignment. It is always good to learn your lines AS SOON AS POSSIBLE though as the better and sooner you know your lines the better your final play/project/scene will likely be. Learning your lines well frees up your ability to act and embrace a performance. When you don't know your lines well it holds you back and is detrimental to your performance. In short... LEARN YOUR LINES!!!

## Memorization Assessment Scale

POINTS	SCALE
9-10	1-2 mistakes
7-8	3-4 mistakes
5-6	5-10 mistakes
5 or less	10 or more mistakes/use of written lines required
